AMENDMENT

Hon. Commissioner of Patents  
Washington, D.C. 20231

Sir:

In response to the Office Action dated April 24, 2001, please amend the above-identified application as follows:

IN THE CLAIMS:

Please enter the following amended claims:

B1 1. (Twice Amended) A planar light emitting device comprising:  
a first transparent body having a first transparent synthetic resin layer containing no light scattering material;  
a first semi-transparent body having a first semi-transparent synthetic resin layer containing a light scattering material;  
a diffusion layer, the first transparent body and the first semi-transparent body being joined to form the diffusion layer therebetween;  
at least the first transparent body, the first semi-transparent body and the diffusion layer defining a planar light emitter; and  
a light source disposed at least at one side of the planar light emitter;  
a second transparent body having a second transparent synthetic resin layer containing no light scattering material,  
wherein the first semi-transparent body is interposed between the first transparent body and the second transparent body.
